 Cc: Schneidman, Eileen

FYI - Eileen just advised the towel sample submitted on Tuesday was approved late yesterday by Nancy Lund. We will not have to revise artwork. OCTO has been advised and will start to print the towels. - jt

Sandy - This probably isn't possible since the art is just being changed. Once the supplier gets the art and gets into production Gary can see if it's possible to "do better" than the timeline indicated - john

Hi Eileen,  
 We need to have the first wave of Towels into KDC by 3/31 if possible. 4/10 does not give us to much slack, since Vicki would like to have the materials into the Powerforce warehouses by 4/17.

Sandi

Gary and John,

Per Steve (he's at LBCo. today), we will be revising the pack art for the Van Towel. Pack Art will now more closely replicate the pack.

NEXT STEPS:

LBCo. to forward new pack art to PM	Mon 2/27
Pack Art to Vendor	Fri 3/3
20M towels to KDC	Mon 4/10
100M towels to KDC	Mon 5/1

Gary, please advise:

2041135778

2041135780

2041135781

- when will we see new prepro samples?
- We'll need towels delivered weekly. Pls provide qty per week.
- when will the balance of the 84M towels be delivered to KDC?

Thanks, Eileen
